

Stickney's "NEW TARIFF"

Cigar 5c.

Cigars of "New Tariff" quality have always cost you ten cents—and still do under any other name.

But in the "New Tariff" you get the benefit of the new tariff reduction on Cuban tobacco—a regular out-and-out ten-cent cigar for a nickel.

Remember the name "New Tariff" and smoke one to-day. Then you're not likely to forget the name of the best cigar you ever smoked at the price.

You can't get a better cigar than the "New Tariff" for the same money simply because no other manufacturer has the knowledge, equipment nor disposition to develop such choice fragrance in a cigar and sell it for a nickel.

The new refining processes of curing, fermenting and blending develop a richness of flavor and smooth, uniform aroma unmistakably superior to that produced by ordinary methods.

CONDUCTED BY MRS. MAY BELLEVILLE BROWN—PRESIDENT

THE club women of Kansas will learn with regret of the illness of the state president, Mrs. May Belleville Brown, at her home in Salina this week, which although not serious, was sufficient to prevent her writing her weekly letter for the State Journal today.

Mrs. J. D. McFarland of Topeka, president of the Woman's Kansas Day club, has been asked to preside at the exercises on Woman's day of the centennial celebration of the raising of the flag in Pawnee village, which is to be held at the site of the Pike monument in September. Woman's day will be September 25 and the other women's organizations of the state will assist the Woman's Kansas Day club on the program. Mrs. George Johnson of Courtland, who gave the state twenty acres for the site of the Pike monument, is in charge of most of the arrangements for the celebration, which will last four or five days.

The executive board of the Fifth district federation had its meeting this week with the president, Mrs. C. B. Hoffman of Enterprise, to make plans for the annual convention which will be held in Junction City this fall.

Mrs. C. C. Goddard, of Leavenworth, a club woman of prominence in Kansas, will leave the last of next week for her summer home in Colorado.

The Salina Chautauque assembly opened today. The following items about it of interest to the club women of the state are from the club column of the Salina Evening Journal of Wednesday: The club hour will open with music each day at the Chautauque. Some of Salina's best talent will favor the audience at this hour. Mrs. Genevieve Elce Cowden, Prof. Carnal and Miss Blanche Stauber will render vocal solos and Mr. J. J. Eberhardt will give a

selection on the autoharp.

A number of out of town club ladies will be in attendance during Chautauque. Among the prominent state workers are Mrs. Catherine Hornum, Fifth district president; Mrs. Margaret Hill McCarter, editor "Club Member"; Mrs. Frank W. Bartlett of Kansas City, who will assist in the missionary department; Mrs. Kate Appleton, superintendent of the traveling art gallery; Mrs. Chambers of Hoxie, and Mrs. Berthing of Clay Center, and Miss Daisy Hoffman of Enterprise.

The Current Literature and Twentieth Century clubs, the Civic League and the W. C. T. U. are planning to unite and give a reception at one of the headquarters tents in honor of the visiting ladies and in order that all members of these organizations may meet together, and all others who are in the least interested in these lines of work are cordially invited to attend.

The club and the civic league together will give an hour's programme each day during Chautauque. The club hours will be as follows:

Monday, 4:30 p. m.—Mrs. Kate Appleton will lecture on "Art."

Tuesday, 4:30 p. m.—Mrs. Regina Chambers of Hoxie will speak, her subject being "Moulding Public Opinion."

Thursday, 4 p. m.—Mrs. Margaret Hill McCarter, subject "The Gospel of Silence."

Friday, 4:30 p. m.—Miss Daisy Hoffman, "Kindergarten Training." Some eight or ten small children from 4 to 5 have been invited to assist Miss Hoffman and she will have a practical demonstration as the little tots will sing and give some kindergarten exercises. This will no doubt be one of the most interesting programs of the week as the little folks are close to the hearts of everyone and never fail to interest and entertain. Miss Hoffman is a graduate of the Hull House Kindergarten Training school of Chicago, and has for the past year conducted a large and very successful kindergarten at her home town, Enterprise.

The civic league will furnish the following numbers:

Wednesday, 4:30 p. m.—Prof. Albert Dickens, "Civic Improvement."

Friday, 10 a. m.—Mrs. Henrietta Calvin, professor domestic science, at State Agricultural college, lecture with demonstrations.

Saturday, 10 a. m.—Mrs. Calvin, lectures with practical demonstrations.

THE TOPEKA CLUB WOMAN.

The meeting of the Boys' club in Parkdale under the direction of the civic committee of the city federation has discontinued its meetings and gymnasium work for the summer. The play

ground is open however and accessible to the boys of that locality and the reading room is open every Saturday afternoon.

Mrs. Margaret Hill McCarter will go to Salina next week to give a lecture on the Gospel of Silence before the Chautauque assembly.

The Good Government club is preparing to issue new year books.

The Rambler's club had a picnic at Kinkard Cottage, the George Hackney summer place in Highland Park, Monday evening.

The meeting of the Chautauque club which was to have been held Thursday with Mrs. A. G. Potts was postponed until Wednesday of next week when Mrs. Fred Hies will be the hostess.

NATURAL GAS FOR WICHITA.

Over 200 Men Will Be Put to Work on the Pipe Line.

Wichita, July 14.—M. W. Walsh, who has charge of the installation of the natural gas system in this city, arrived in Wichita and is now making arrangements to open permanent headquarters here. Mr. Walsh was very enthusiastic over the natural gas subject when seen by a reporter.

Pipe is now being unloaded for the purpose of building the main pipe line from the Montgomery county field into this city. Seven car loads of pipe have been received here and are now being unloaded.

One camp will work from Wichita west laying the 10-inch main line to Hutchinson. The other camp will work out of the city east laying the 12-inch main line that is to bring the gas into Wichita. The camps will operate from here about forty miles out in each direction, when new camps will be established.

Mr. Walsh said that the contracting company was ready to put a force of 200 men to work laying the pipe lines as soon as its camps were located and the tools and supplies were all received. He said that inside of a week work would be started on the construction of the line.

The pipe will be laid under about 15 feet of earth, so as to be below the plow line. Four teams have been shipped in here belonging to the company. These will be used to start with when more teams will be hired here and put to work.

The work on the pipe line to the east will be started from a point near Fairmount. Twelve-inch pipe will be used in bringing the gas from the field into Wichita. From this city to Hutchinson and Newton a 10-inch main will be used.

TO START ROLLING MILL.

The Plant at LaHarpe Will Resume Action September 1st.

Independence, Kan., July 14.—James Rodgers, president of the Lanyon Zinc company, has returned from New York where he has been conferring with the directors of the Lanyon Zinc company relative to matters affecting the company. Mr. Rodgers brings back the good news that the LaHarpe rolling mills will resume operations about the first of September.

This will be good news to the people of LaHarpe and Lanyonville. The rolling mills were closed down about three months ago, owing to the condition of the ore market. They employ a good many men, and the shutdown was more or less of a serious matter.

A Good Offer for O'Brien.

New York, July 14.—"Jimmy" Lowes, one of the best known light promoters of England, has made a proposition to Jack O'Brien to fight three matches at Newcastle-on-Tyne, providing he beats Sam Berger in the coming battle at Philadelphia next Monday night. He will make the same offer to Berger if he proves the winner. Lowes will pay \$200 (1,000) for expenses. The fights are to take place in November, December and January, the last to be with Jack Palmer, the English heavyweight. O'Brien has expressed his willingness to accept the offer.

In the Fruit Belt

of Michigan there is no hay fever—too much fresh air and blue water for that disease.

The weather is never too hot for the same reason.

There is plenty of out-of-doors and bright sunshine. That's why the peaches, pears, plums, grapes, apples, and every kind of small fruit is abundant.

That's why health is there, too. Try it. Write H. F. Moeller, G. P. A., Pere Marquette Railroad, 24 Union Station, Detroit, Mich., for illustrated booklet.

SEE EVERYTHING DARKLY

When a fit of dyspepsia is on, a man sees everything darkly. He becomes bilious, and biliousness gives him yellow views of life. It is impossible for any one who eats improper food to be good natured, to have a well body. The simpler the food, properly prepared, the better the health.
